## Value: Kindness

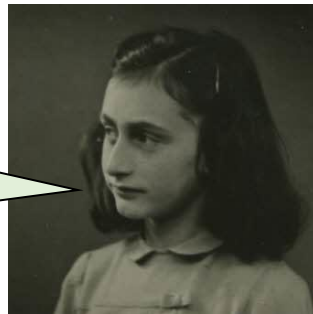

At Allerton CE Primary School we learn about core values that help us to become well-rounded citizens in society. From Monday 26<sup>th</sup> September until Friday 7<sup>th</sup> October the whole school will be focusing on the value of 'Kindness'. Each year group will be finding their own unique way of learning about this value and we will be looking for acts of Kindness around school to celebrate.

### Home Challenge: Talk about Kindness together...

How can we show kindness in our home?  
What does kindness look like to you?  
Tell me about when you were kind today...

You can always give something, even if it is only kindness.

**Who said this?**

### How does kindness make you feel?

Can you think of different synonyms for the word kindness?  
(A synonym is a different word which has the same meaning)

### How does this value link to the British Values in our school?

- We show mutual respect for each other
- We always follow the school rules
- We use kind hands and feet
- We are kind and thoughtful with our words
- We know the difference between right and wrong

**Can you think of any other ways?**

Kindness begins like a ripple of water...
